15 RECOMMENDATIONS

TOM MILLER
Director, Green Bay Austin Straubel International Airport
16 days ago

"The product adds the essential force multiplier required to spot potentially serious situations and react effectively in real-time, as is demonstrated clearly at Green Bay Austin Straubel International Airport."

SEIICHI KIDO
President, KT Workshop
April 3

"We chose the product because it's easy to operate and the technical support is much better than what's offered by other it delivers a robust solution."

JOHN JONES
Senior Sales Manager, King ICT
December 17, 2017

"We selected thinvideo analytics because we could guarantee the product and the system's quality to our customer. We, as the systems integrator, and the City of Zagreb, as the customer, are pleased with the end result."
